Pictured Above: Jerry Lancon and Jon Campbell

Date: August 2012

Employee Name(s): Jon Campbell

Superintendent: Mark Mahurin

Company: United Electrical & Instrumentation

Intervention Description: I wanted to let you guys know that I really appreciate Jon's level of dedication and professionalism that I have personally witnessed on my jobs (B-4400, B-4900, B-3300 to name a few). Since being here at Dow I have seen Jon often in the field doing what he is supposed to, checking over job details, ensuring that the job is installed properly and to a high degree of craftsmanship. I also appreciate his knowledge, he helps out troubleshooting items when such occasions have occurred.
