Employee Name(s): Osiel “Fonzy” Elicerio

Superintendent: Joe Gonzales

Company: Infinity Construction Services, LP

Intervention Description: “Fonzy” identified a safety hazard on the grated decking above the E-150 exchangers. His crew was preparing to work in the area that the grating was not properly clipped down and presented a trip hazard. He also identified a suspected problem with an uncovered vertical fin-fan shafts (E-153's) adjacent to a maintenance walkway. The safety concerns were reported to Operations and fixed prior to working in the area. Thanks “Fonzy” for your commitment to safety!
